SINGLE FEASIBLE SOURCE PURCHASE POSTING NOTICE

The Missouri Department of Transportation has determined that only one source can provide the products or services described below

Title: Mobile Smart Roadside Inspection System
SFS 7-141616LK

Description: The Missouri Department of Transportation has determined that only one source, Intelligent Imaging Systems, Inc., can provide a Mobile Smart Roadside Inspection System. The mobile system is comprised of an integrated multi-sensor electronic screening system for roadside commercial motor vehicle enforcement operations, and will consist of an automated license plate recognition reader (ALPR), an automated USDOT number recognition reader (AUR) and a commercial motor vehicle overview image capture (OVC) sub-system deployed on a ruggedized mobile trailer platform. The trailer will be customized to house all necessary electronics and hardware in order to operate all systems, including onboard power and wireless communications. The mobile system will be integrated into software currently being used at fixed weigh stations and will be used in areas where fixes facilities do not exist to validate commercial vehicles' compliance. The estimated cost is \$238,000.

Contract Period: Notice to Proceed through June 30, 2015

Renewal Options: None

Agency: Missouri Department of Transportation

Supplier: Intelligent Imaging Systems, Inc.

Buyer: Leann Kottwitz
